

Indonesia

Update on Progress

- ★ On December 11, 2008, Indonesia was selected as eligible for a Millennium Challenge Corporation poverty reduction grant, or compact, by MCC's Board of Directors. That month MCC's Compact Development team met with representatives from the Embassy of Indonesia, including Indonesia's envoy to the United States, Ambassador Sudjadnan, to discuss the compact development process.
- ★ A high-level MCC delegation visited Indonesia in April 2009 to build working relationships with key contacts, discuss the MCC model and process of compact development with stakeholders, and to set expectations on the timeline for development of a potential compact.
- ★ Dr. Lukita Dinarsyah Tuwo, Vice Minister, National Development Planning Agency, is the National Program Coordinator for MCA Indonesia. A core team was established in October 2009 led by Program Coordinator Egi Sutjiati. The Asian Development Bank has conducted an initial economic constraints analysis for Indonesia. Following the publication of the results of this analysis, MCC conducted another high-level visit to Indonesia to discuss its implications and consult with a variety of stakeholders, including key officials of the Indonesian government, members of the private sector, other donor organizations and NGOs on the development of project concept papers.
- ★ Indonesia is completing a two-year, \$55 million MCC Threshold Program focused on reducing corruption in the judiciary, providing support for the Anti-Corruption Commission, support to enhance the performance of the Financial Transaction Reports and Analysis Center and developing pilot e-procurement systems in five provinces. The program has also helped Indonesia increase immunizations in difficult to reach areas.
